

Letterkeen

Walks: Four looped walks available (2.5km, 5km 10km, 12km)
Difficulty: Easy - Difficult

Access to: Bangor Trail and Western Way
Hop off here for a short stroll, long hike or a night under the stars. Letterkeen is the access point to the main body of Wild Nephin National Park where blanket bog, rivers and forestry are visible. The Brogan Carroll Bothy is a public access shelter and is the perfect area for picnics and wildlife spotting.

Claggan Mountain Coastal Trail

Walk: One 2km walk (take the accessible boardwalk out and stroll back along the shoreline)

This area, where the bog meets the sea, is also known locally as Ros na Finne or Wood of the Waves. Find tree stumps that are thousands of years old, take in beautiful views and look out for signs of otters, waders and divers. The perfect patch for bird watching, breathing in the sea air or taking a short break.

Ballycroy Visitor Centre

Walk: One 2km looped trail – the Tóchar Daithí Bán Trail

The visitor centre is the hub of Wild Nephin National Park. Stop here for an interactive exhibition, beautiful homemade produce at Ginger & Wild Café, and our education and events centre. Wild Child Clubs will be held here on Tuesdays and Thursdays throughout July and August. This is a great point to brush up on your wildlife knowledge, ask our guides your questions, and join us for events!

Mayo Dark Sky Park

The Park is designated as a gold-tier Dark Sky Park by the International Dark Sky Association. On clear nights thousands of twinkling stars can be seen; our pristine skies a result of the absence of light pollution.
